It is possible that the category of presentation admitted is different from the one you proposed.

6 Management of the annual meeting

(1) This annual meeting is managed by a DO-IT-YOURSELF style.

-Basically there will be no personnel for each session room: no microphone handlers and no time keepers.

-If you need to use a PC, please bring in your own (projectors are equipped in session rooms).

-All other managerial issues in the session room should be handled by session chair and presenters.

(2) The main language of the annual meeting is Japanese. Although we accept presentations and workshops in both Japanese and English, we expect that majority of the sessions (including the plenary session) will be in Japanese. We will do our best to make English-speaking participants comfortable, but please be prepared for a Japanese-dominant environment.
